

## DEVELOP A PYTHON SCRIPT

Team ID : PNT2022TMIDE19737

The image shows two windows from the Python IDLE environment. The top window, titled 'Sum.py - C:\Users\logha\Documents\Python\Sum.py (3.10.8)', contains a Python script that prompts the user for two numbers and prints their sum. The bottom window, titled 'IDLE Shell 3.10.8', shows the execution of the script. It first runs a test command 'print("Hello world")', then restarts to run the 'Sum.py' script. The user enters '5' and '10', and the program outputs 'SUM = 15'.

```
Sum.py - C:\Users\logha\Documents\Python\Sum.py (3.10.8)
File Edit Format Run Options Window Help
a = int(input("Enter number 1:"))
b = int(input("Enter number 2:"))
sum = a + b
print("SUM = ",+sum)

IDLE Shell 3.10.8
